Santa Barbara County Spay/Neuter Task Force considers
Mandatory Sterilization of Dogs and Cats

Don't let them slide MANDATORY STERILIZATION, major fee increases, breeder licenses, and invasive home inspections through like they have in other cities and counties. PLEASE ATTEND AND BE ACTIVE AGAINST PUNITIVE ORDINANCES THAT ARE DESTINED TO FAIL.

Task force members represent 400,000 citizens of this county and they need to hear from you!
Many Task Force members and the Task Force Chair support Mandatory Sterilization! Come fight for the rights of responsible pet owners.

Future Scheduled Meetings

This is your chance! Community input was VERY important when this topic first came before the Board of Supervisors in May 2008. Please try to submit your remarks in writing prior to Task Force meetings so they can be distributed & become part of the public record. As Public Comment is limited to one minute, written remarks become part of the record in their entirety. Fill out a blue speaker slip when you attend Task Force meetings, & note relevant agenda items you want to speak to. If you don't know, list the agenda items & they'll call your name for public comment. You can always decline with, “No comment,” but without submitting a slip & noting the agenda item, you will not have any chance at all.
